Junior Carrie Klotz (bottom, far right) was honored by the university for maintaining a perfect 4.0 grade point average at a Feb. 6 men's basketball game at Cole Field House.

Maryland's alumni base is extremely strong, with more than 35 former Terps showing for the annual alumni game this past spring.

The Terps are very involved in charity work. Lindsay Givens and Carly Viher were among the many players that volunteered to help the homeless this past year.

Coach Shannon Higgins-Cirovski, shown here with Pele at the 1994 World Cup, was named to Soccer America's Team of the Century at the end of 1999.

Maryland has celebrated five consecutive trips to the NCAA Tournament.

1999 All Mid-Atlantic region first teamer Jackie Mynarski now attends law school.

Terps Excited To Get 2000 Started

When you ask Maryland head coach **Shannon Higgins-Cirovski** about the 2000 Terrapins a smile from ear-to-ear comes to her face and she begins to glow with happiness. The 1999 ACC Coach of the Year is eagerly anticipating the start of a new season.

"I'm extremely excited for 2000," said Higgins-Cirovski. "I'm anxiously awaiting to see how the team comes together with the new freshmen and all of our experienced players returning from the school's fifth consecutive trip to the NCAA Tournament last fall."

She raves about how the offense clicked during the spring season with **Kim King** and **Sara Gustafson** up top.

She's thrilled with the progress midfielders **Courtney Beirne**, **Terri Greer** and **Vita McKenna** made in a new offensive setup utilized during the spring.

She proclaims how solid the defense will be with four sophomore starters returning from 1999 in **Lindsay Givens**, **Sally Harrison**, **Valerie Lawrence** and **Carly Viher**.

She calls having senior keepers **Riki-Ann Serrins** and **Ali Wolff** playing in back-to-back seasons "a coach's heaven."

She gushes about her freshmen forwards and midfielders: **Jen Biscoe**, **Katie Ludwig** and **Audra Poulin**. Higgins-Cirovski can't wait for the 2000 season to start.

"I think the biggest thing we gained from last year was the experience," says the coach after leading Maryland to a second-place finish in the ACC regular season, Maryland's highest finish ever.

"We had a total of seven players on the field at most times that were newcomers to college soccer in 1999. That experience, and knowing they can win at this level and feeling great about their performances built their confidence."

Forward

Maryland continued to build its confidence during the spring season, when goal-scoring came with ease.

"I think you saw it in our spring season, we were able to score," says Higgins-Cirovski. "If we can get off to a great start scoring goals this fall, I think we are ready for an outstanding season.

"Last season, we had some difficulties scoring goals at the start of the year, we hadn't really figured it out until the seniors started taking over."

But now those seniors, **Emily Janss**, **Jackie Mynarski** and **Lindsay Basalyga**, are gone, along with their 23 combined goals. Maryland returns just 34 percent of its offensive output from a year ago. But Higgins-Cirovski has reloaded for 2000.

"This past spring, we had to deal without our seniors and we scored a ton of goals led by **Kim King**, **Terri Greer**, **Courtney Beirne** and **Sara Gustafson**. Gus proved to me she's a real gamer. She has really worked hard in practice and has built up her confidence. Kim showed us she's just a natural born finisher with a knack for sticking it in the net."

Gustafson is Maryland's leading returning scorer with four goals and two assists for 10 points. She scored three of her goals against Duke in 1999, including the thrilling game-winner as Maryland upset the then-No. 9 Blue Devils, 4-3 in overtime.

King scored three goals including two in her first two games as a collegian giving just a glimpse of what's to come in 2000.

Captain **Julie Nelson** will be in the mix up top as she returns from reconstructive ankle surgery during the spring. Last season, Nelson emerged as one of the Terps' leaders and finished with three goals and three assists for nine points.

"I'm looking forward to having Julie as part of our offense" says Higgins-Cirovski. "She is such a fighter and an emotional leader. Others follow her because of her intensity."

Freshman **Katie Ludwig** could see time as a striker as well. The freshman is one of the most versatile Terps and could be on the field as a forward, midfielder or even defender.

"Katie is a hard-nosed athlete and is very fast. She will add some of the fire that Julie Nelson does. She adds a confidence that strikers need to be goal scorers."

Midfield

The midfield features three Terps who made huge leaps forward during the spring in **Courtney Beirne**, **Terri Greer** and **Vita McKenna**.

Beirne and Greer emerged as offensive forces and are expected continue their offensive push this fall.

"In the offensive midfield, both Terri and Courtney came out of their shells and really showed how well they can do when they are focused and ready to go," says Higgins-Cirovski.

"What we found with Courtney is that she needs her space. Obviously she is the fastest player on the team and she's incredibly fit. She's now in a position that lets her focus on offense. Not too many people are going to catch Courtney on a diagonal.

"Terri is a great athlete and is more fit than she has ever been. She has a great left foot and can use her right foot equally. She really found her scoring knack in the spring."

Maryland scored a recruiting coup by gaining two of the most decorated players in the Baltimore-Washington area: *Baltimore Sun* Player of the Year **Jen Biscoe** and *Washington Post* Player of the Year **Audra Poulin**.

Vita McKenna

Sara Gustafson

Biscoe will add immediate contributions to the offense. She led John Carroll High School to the Maryland state championship in 1999 and was named tournament MVP.

"Jenny can just dominate games," says Higgins-Cirovski. "She just glides by players at times and has such a great feel for where to be at all times."

Poulin joins Biscoe in giving the Terps a great 1-2 freshman punch.

"Audra is a strong athlete. When you play a ball to her she will never lose it," says the coach. "She has great instincts of knowing exactly where her teammates are and where they want passes."

Fellow freshman Ludwig will also see time at midfield. She also earned numerous honors in high school including being named an NSCAA All-American in 1999.

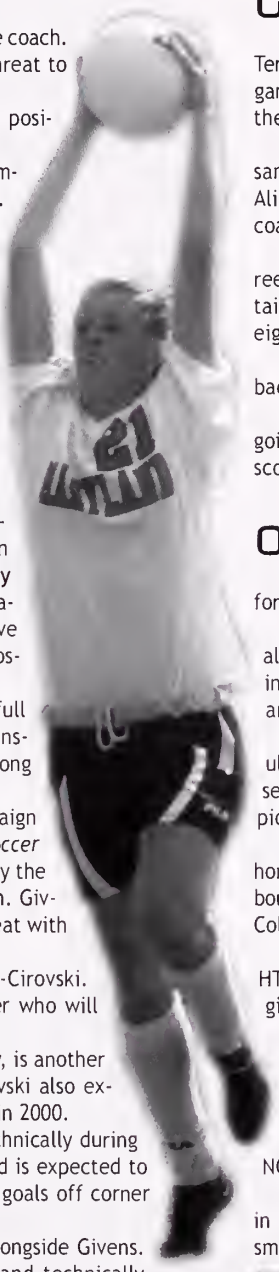
Junior **Carrie Klotz** is also expected to see time in the midfield, but may drop back to defense on occasion.

"She worked very hard during the summer," says the coach. "Technically she's improving. She has always been a threat to shut down opponents on defense."

Higgins-Cirovski is utilizing a "defensive midfield position" keyed by senior captain **Vita McKenna**.

"Vita has really come along during the spring and summer," says Higgins-Cirovski. "Her confidence is soaring. She has the ability to read the game very well and picks up new techniques very fast. She will be a leader on the field as a captain."

Dana Jarzyniecki will also see time at the defensive midfield spot as well as other positions in the midfield. According to Higgins-Cirovski, "Dana's a utility player, she can play anywhere you put her and play it well. She's technically gifted and tactically has a good feel for the game."



Defense

The Terps feature an all-sophomore backfield including a pair of Mid-Atlantic All-Freshman Team members in 1999 in **Lindsay Givens** and **Carly Viher**. Along with **Sally Harrison**, the trio started all 22 games together last season. Add to that **Valerie Lawrence**, who makes the move from midfield, and all four combined to start 87 of a possible 88 games last year.

"I think having four players in the backfield with a full season under their belts is a huge advantage," Higgins-Cirovski says. "They are coming back extremely fit, strong and confident."

Givens returns after a tremendous freshman campaign in which she was named a freshman All-American by *Soccer Buzz* and named to the Mid-Atlantic region third team by the NSCAA and *Soccer Buzz's* Mid-Atlantic region first team. Givens plays strong, tough defense and is an offensive threat with her amazing throw-ins.

"Lindsay will anchor our defense," says Higgins-Cirovski. "She's tough to beat one-on-one and is a vocal leader who will lead the backs."

Viher, who was also honored for her freshman play, is another stalwart on the left side of the defense. Higgins-Cirovski also expects her to play a more offensive role with the Terps in 2000.

"Carly is strong and tough and has come along technically during the spring," says the coach. "She is good in the air and is expected to join the attack this season. In fact, she scored a few goals off corner kicks during the spring season."

Harrison will man the right side of the defense alongside Givens. Higgins-Cirovski calls Harrison "very good in the air and technically clean."

Making the move to defense is Lawrence, who has made the transition from scorer in high school, when she was named Met Player of the Year in 1998, to defensive stopper.

"By bringing Val back, we won't have to change formations as much when we encounter different opponents," explains Higgins-Cirovski. "Last year, Val was our answer to stopping top-notch strikers often last season. In 2000, she would probably be the one to mark up a person and it wouldn't really disrupt our backfield."

Klotz could move to defense on occasion along with fellow junior **Debbie Lieberman**. Freshman **Jen Lovecchio** could also vie for some time on defense. Higgins-Cirovski will also consider the idea of playing Ludwig in the backfield, as she played there for her regional team during the summer. **Katie Kruse** will also see some time on defense.

Goalkeeper

Senior **Riki-Ann Serrins** is expected to be the starter in goal for the 2000 Terrapins. Senior captain **Ali Wolff** will redshirt in 2000 after starting 20 of 22 games in 1999. This allows Higgins-Cirovski to have a veteran starter in goal for the next two seasons.

"We have two great keepers and we were going to lose both of them in the same year, which would put us in a desperate situation," says the coach. "With Ali redshirting, we will have a great leader around for another year and that's a coach's heaven."

Both Serrins and Wolff rank in the top five of virtually every Maryland career goalkeeping chart. The 1998 All-ACC second team keeper, Serrins has maintained a 1.36 goals against average during her three years. She has recorded eight shutouts including three last season, when she posted a 1.01 GAA.

Two-time Central Virginia player of the year **Kristen Barnhill** is expected to back up Serrins as a freshman in 2000.

"Kristen has good athleticism and good hands," says Higgins-Cirovski. "She's going to see some time when we are scoring goals against teams we should be scoring against."

Freshman **Lynn Scharf** adds depth at the goalkeeping position.

Outlook

Higgins-Cirovski is aiming for the Terps to return to the NCAA Tournament for a record sixth consecutive time.

"We can make the NCAA Tournament again," she says. "Our goal is to always win the national championship. To win a title and make a run, we need intangibles and we need to come together. That character needs to be evident and present."

The preseason No. 23 Terps play arguably the nation's most difficult schedule, facing 10 teams from the preseason Top 25 and three of the four national semifinalists from the 1999 Women's College Cup, including defending champion North Carolina.

The season gets underway at Rutgers on Aug. 25 before Maryland returns home to face the preseason No. 4 Penn State Nittany Lions. The same team that bounced Maryland from the 1999 NCAA tournament with a 3-2 win comes to College Park for the home opener on Aug. 29.

The Terps battle ACC rival Duke on Sept. 1 in a game that will be telecast on HTS. Other home conference tilts include games with NC State on Oct. 1, Virginia on Oct. 6 and Florida State on Oct. 20.

Maryland travels to preseason No. 12 Wake Forest on Sept. 22, No. 6 Clemson on Oct. 13 and the No. 1 Tar Heels on Oct. 29 to close out the regular season.

Other highlights for the Terps include a trip to Stanford, where they will face No. 3 Santa Clara on Sept. 23 and No. 7 Stanford on Sept. 17.

The ACC Tournament will take place at Duke from Nov. 2-5 with the NCAA Tournament beginning on Nov. 8 at campus sites.

"Take a look at our schedule. Again, we are playing a lot of the best teams in the country. I'm excited by those challenges," says Higgins-Cirovski with a smile.

Head Coach Shannon Higgins-Cirovski

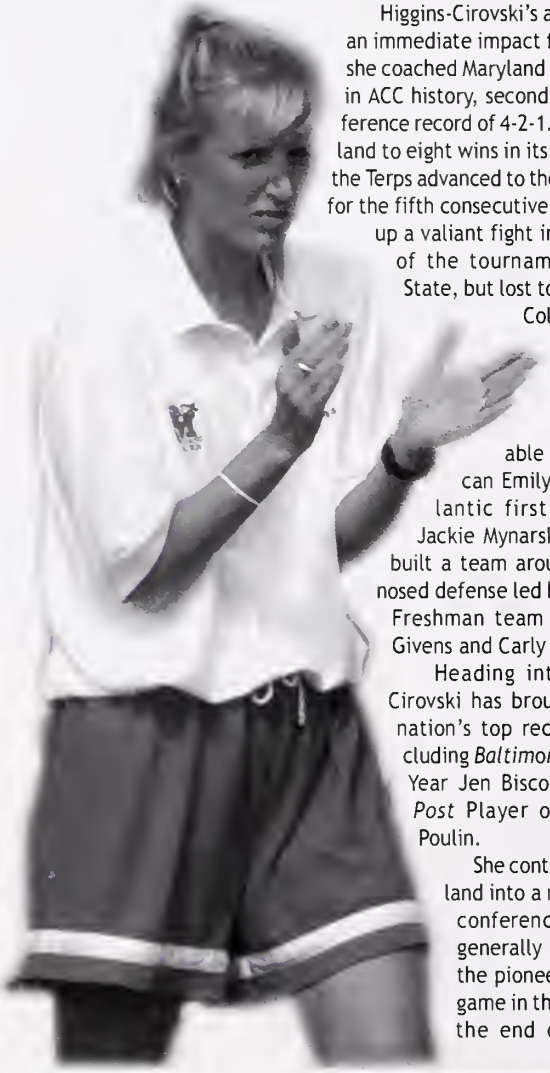
Second season at Maryland
•
Ninth season overall
•
North Carolina '90

If you look up the word winner in a dictionary, 1999 ACC Coach of the Year Shannon Higgins-Cirovski might be one of the definitions.

Higgins-Cirovski could be defined as a person possessing every quality of a winner. Those qualities include the desire to be victorious, the will to achieve, the ambition to accomplish, the wish to be successful and the ability to triumph over every obstacle in one's path.

Higgins-Cirovski, though, is much more than just a definition. She is the epitome of someone who strives to be a winner in every facet of their life.

The former head coach of the U.S. U-18 women's team and former head coach at George Washington University, Higgins-Cirovski was named head coach of the Maryland women's soccer program on Jan. 13, 1999. She joined her husband, Sasho, on the Maryland athletic staff. Sasho Cirovski has been the men's soccer coach since 1993.



Higgins-Cirovski's appointment meant an immediate impact for the Terrapins as she coached Maryland to its highest finish in ACC history, second place, with a conference record of 4-2-1. She coached Maryland to eight wins in its final 11 games and the Terps advanced to the NCAA Tournament for the fifth consecutive year. Maryland put up a valiant fight in the second round of the tournament against Penn State, but lost to the eventual 1999 College Cup semifinalist, 3-2.

She coached All-ACC first teamer and honorable mention All-American Emily Janss and Mid-Atlantic first team performer Jackie Mynarski. Higgins-Cirovski built a team around a tough, hard-nosed defense led by Mid-Atlantic All-Freshman team members Lindsay Givens and Carly Viher.

Heading into 2000, Higgins-Cirovski has brought in one of the nation's top recruiting classes including *Baltimore Sun* Player of the Year Jen Biscoe and *Washington Post* Player of the Year Audra Poulin.

She continues to build Maryland into a national power in a conference in which she is generally regarded as one of the pioneers of the women's game in the United States. At the end of 1999, she was named to *Soccer America's* Team of the Century, as one of the top 11 players to have impacted women's soccer in the 1900s. She was also honored by the ACC as one of the conference's all-time top players.

Cirovski played on four NCAA championship teams at the University of North Carolina, was the consensus national college Player of the Year in 1989, and helped lead the U.S. to the 1991 World Cup title.

Cirovski, 32, served as head coach at George Washington from 1991-97, leading the Colonials to their only NCAA Tournament appearance (1996) in school history. She was named the Atlantic 10 Coach of the Year in 1994 when she led the Colonials to a 12-8-0 record. One year later she led George Washington to the Atlantic-10 West Division title. She is the winningest women's soccer coach in the school's history, posting a seven-year mark of 69-59-11.

A 1990 graduate of North Carolina, the former Shannon Higgins helped lead the Tar Heels to four NCAA titles and a cumulative record of 89-0-6 from 1986-89. A two-time first-team All-American, she was named national Player of the Year by *Soccer America* magazine in 1988 and 1989 and consensus national Player of the Year in 1989. Higgins-Cirovski was the 1989 recipient of the prestigious Hermann Award as the nation's top Division I women's soccer player. In addition, she won the Honda-Broderick award as the top female athlete in the nation, also in 1989.

She pulled off the remarkable feat of scoring the game-winning goals in the 1987, 1988 and 1989 NCAA championship matches. She ended her career at UNC tied for first in career assists (51), fifth in scoring (129 points) and seventh in goals (39). She is one of five women's soccer players in UNC history to have her jersey number (3) retired by the university.

What They Are Saying About Shannon

"Shannon Cirovski is a proven winner at all levels of the game. She is widely respected at the collegiate and international levels, and is the person we believe will elevate Maryland into one of the country's elite programs, eventually competing for a national championship. We feel that the combination of Shannon and Sasho leading our women's and men's soccer programs is a unique fit for us and them."

– Deborah A. Yow, Director of Athletics
University of Maryland

"Shannon was one of our best midfielders. She has done a tremendous amount for the sport as a player and as a coach. Tactically, her knowledge of the game was a major reason she was the player she was. It has helped and will help her to become one of the nation's top coaches."

– Mia Hamm, U.S. National Team Forward and Higgins-Cirovski's former college and national team teammate

"Of all the players I have coached, no one is more suited to be a coach than Shannon. She is a brilliant field organizer and a tactical genius. The cliche 'coach on the field' certainly always applied to her during her playing career. Every team she presents will be well-organized and difficult to play. She and her husband will do something impressive for Maryland. That tandem will have tremendous repercussions for the university."

– Anson Dorrance, Head Coach
University of North Carolina

She continued her playing career at the international level, representing the United States in competition 51 times. She assisted on both of the U.S. team's goals in a 2-1 win over Norway in the 1991 World Cup final, this country's first world soccer title. She retired as a player following the '91 World Cup. Higgins-Cirovski was honored by FIFA two summers ago, along with the entire 1991 world champion U.S. women's team, at halftime of the 1999 World Cup championship game at the Rose Bowl in Pasadena, Calif.

Higgins-Cirovski served as head coach of the U.S. Under-18 women's national team in 1998, with responsibilities to identify, select and train the top U-18 female players in the U.S., while also serving as an assistant on the women's national team and the women's U-20 team. The U-18 team was undefeated during her time as head coach.

Over the last eight years, Higgins-Cirovski has been the director of her own soccer camp.

Higgins-Cirovski holds a U.S. Soccer "A" coaching license, and from 1994-98 served as the director of the Maryland State Girls Olympic Development Program in addition to her duties as a Region I staff coach. She is also a clinician for the Maryland State Youth Soccer Association and the National Soccer Coaches Association of America convention.

She is a 1990 graduate of North Carolina with a bachelor of arts degree in industrial relations.

The Cirovskis have two daughters, Hailey (6) and Karli (4).

■ Soccer: *Talking shop at home is an inescapable, and pleasurable, fact of life for Maryland coaches Sasho Cirovski and Shannon Higgins-Cirovski.*

By Lowell E. Sunderland
SUN STAFF

Maryland made the NCAA final four in men's soccer last fall for the first time since 1990, thanks partly to a defensive tip the U.S. under-18 women's national team coach gave coach Sasho Cirovski.

Early this season, the two talked about midfield options for her new team — Maryland's women. And just days ago, Shannon Higgins-Cirovski returned from Tobacco Road with a 4-3, overtime win over then-No. 9-ranked Duke, her first win as coach in an Atlantic Coast Conference game.

Unusual combination, Mr. and Mrs. Cirovski.

They are one of only two married couples coaching NCAA Division I soccer at the same college, the other pair being at the University of North Carolina-Asheville.

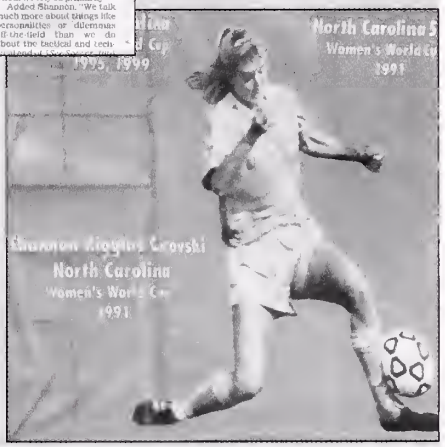
But ACC opponents should not feel unduly double-teamed by a husband and wife the university described in a preseason press release as "the first family of Maryland soccer," even if their missions are similarly ambitious — national championships.

As Sasho put it: "We have consistently respect for each other. We sometimes solicit the other's opinion, sure, and in that sense, we're like an extra assistant for each other. But it really isn't a major part of what we do. We're not co-coaches. We both have great assistants whom we rely on primarily."

Added Shannon, "We talk much more about things like personalities or dilemmas off the field than we do about the tactical and technical."

All in family: *Sasho Cirovski, Shannon Higgins Cirovski hear cheers at home from daughters Hailey (left), Karli.*

The Cirovski family was feature on the front page of the *Baltimore Sun* sports section in September of 1999.



Higgins-Cirovski was featured on this mural as one of the ACC's national team players at the conference's 1999 tournament.

Asst. Coach Kerry Dziczkaniec

Second season at Maryland
Eighth season overall
G. Washington '93

Kerry Dziczkaniec is in her second season as an assistant coach at the University of Maryland and her eighth as a coach on the Division I level. She is involved in all aspects of the program with an emphasis in on-field coaching, scouting, and recruiting. Dziczkaniec was a standout goalkeeper during her playing days and relies on that knowledge and experience in working with the Terp netminders.

She has spent nearly her entire career coaching in the Atlantic Coast Conference, with stints at Virginia (1994-96) and Florida State (1996-99) before coming to Maryland in 1999. Dziczkaniec began her coaching career as an assistant coach at Georgetown in 1993.

In her first season with the Terps, Dziczkaniec helped Maryland keepers Ali Wolff and Riki-Ann Serrins to strong seasons. The tandem combined to record eight shutouts including a stretch of three straight during the middle of October. Serrins posted a career-best 1.01 goals against average and Wolff started 20 of 22 games, making 57 saves.

While at Virginia, Dziczkaniec worked on the staff of head coach Lauren Gregg, a former assistant coach for the world champion U.S. national team. During her tenure, Dziczkaniec worked with two of the top goalies in Cavalier women's soccer history. She tutored Becky Hornbacher, who holds program records for career goals against average (0.78) and shutouts in a single season (11 in 1994). Virginia was ranked among the nation's top 10 and played in the NCAA Tournament during both of her years in Charlottesville.

She also realized success during her three years at Florida State. The Lady Seminoles established the school record for victories in a season (12) in 1996 and averaged nearly 10 wins a year during her tenure. The program also won its first-ever ACC regular season game (1997) and defeated a ranked team for the first time in school history (1998).

A 1993 graduate of George Washington University, she earned a degree in exercise and sport science. Playing under coach Shannon Higgins at George Washington, she was the starting goalkeeper in 1991 and 1992 and a four-year varsity letterwinner. She recorded a career-best six shutouts in 1991 and a career-best 1.20 goals-against average in 1992. She earned team MVP honors in 1991 as she led the Colonials to nine victories and served as team captain during the 1991 and 1992 seasons.

Dziczkaniec was a member of the Virginia and Maryland Olympic Development Program coaching staffs from 1992-95. She holds a United States Soccer Federation "C" coaching license. Her professional playing experience includes the Baltimore Lady Bays and Maryland Pride of the W-League.

Among her accomplishments were playing with the 1996 women's amateur division national championship team, the Virginia-based Soccer Academy United. She was a starter on the championship squad with the Maryland Pride as they won the USISL W-League 1996 national championship. Dziczkaniec was selected to the all-tournament team at the national tournament.

Dziczkaniec is a native of Syracuse, N.Y.

1999 Season Review

No. 23 Terps Reach Second Round of NCAA's; Finish 11-10-1 Under ACC Coach of the Year

Under the direction of ACC Coach of the Year **Shannon Higgins-Cirovski**, No. 23 Maryland advanced to the NCAA Tournament for the fifth consecutive season before dropping a hard-fought 3-2 battle at No. 6 seed Penn State on Nov. 14 in the second round of the tournament. The Terps finished the season 11-10-1, marking the fifth straight season Maryland finished with double-figure wins. Maryland has advanced to the second round of the NCAA Tournament four times in the last five years.

The 1999 season was an emotional one for the Terps which saw them rise late in the campaign, winning eight of their last 11 games including six of their last seven regular-season matches.

"I am so pleased with the team," said Higgins-Cirovski. "You always hope for more, but at the time we were 3-7-1, I could not have fathomed that we would get to the second round of the NCAA Tournament. We got this far because of the great leadership of our seniors throughout the season."

Senior Day: Lindsay Basalyga, Emily Janss and Jackie Mynarski

Seniors Star In Final Season

Maryland's three seniors finished their careers in superb fashion. **Lindsay Basalyga** (Cincinnati, Ohio), **Emily Janss** (Brandon, Fla.) and **Jackie Mynarski** (Somers, N.Y.) all closed their Maryland careers making four straight NCAA Tournament appearances, advancing to the second round three times.

Basalyga closed her career in grand style scoring all four of her season's goals in Maryland's two NCAA Tournament games. As a senior, Basalyga played in 21 games, scored four goals, led the team in assists with six and finished with 14 points -- third best on the team. Basalyga played in 84 games as a Terp, 10th most of any player in Maryland history. She scored eight goals, assisted on nine and recorded 25 points.

Janss, who has had a decorated career at Maryland, was named to the All-ACC first team and was a Mid-Atlantic Region third team selection in 1999. During the season she picked up many honors, being named to the *Soccer America* Team of the Week three times (Aug. 30, Oct. 19 and Oct. 26). The midfielder was named the ACC Player of the Week and SoccerTimes.com National Player of the Week on Oct. 19 after scoring both goals, including the game-winner to upset No. 9 Clemson on Oct. 17. She was also named to the ACC All-Tournament team after helping Maryland to the ACC semifinals with a 2-1 victory over No. 21 Duke in the quarterfinals.

Janss finished second on the team in goals with eight and points with 19 as a senior. She also recorded four game-winning goals. After starting all 22 games as a senior, Janss played in every game during her Maryland career, 95, which ranks as the second-highest total of career games played in Maryland history. She also ranks ninth all-time in goals with 17 and points with 42. She served as a captain as a junior and senior.

Mynarski had a stellar season in her finale at Maryland, as she earned Mid-Atlantic Region first team and All-ACC second team honors in 1999. The senior midfielder led the Terps in scoring throughout the season, finishing with a team-high 11 goals and 24 points. Mynarski was named to the ACC All-Tournament team after scoring the game-winning goal in Maryland's 2-1 win over Duke in the quarterfinals. She also scored the game-winner in the regular season finale, which clinched the No. 2 seed in the ACC Tournament for Maryland, in the 1-0 win over Florida State on Oct. 31. She was also named the ACC Player of the Week on Nov. 1 after scoring the clincher.

Mynarski scored the game-winning goal five times in 1999, including three consecutive shutout wins from Oct. 6-10. For that great effort, Mynarski was named to the *Soccer America* Team of the Week on Oct. 11.

She finished as the sixth all-time leading scorer with 58 points and fifth-greatest goal scorer with 24. Mynarski also ranks 10th in career in assists with 10. Her senior goal total of 11, stands as the seventh greatest single-season goal-scoring total and her 24 points tied for the 10th-best single-season goal total.

Higgins-Cirovski Wins ACC Honor

Maryland's first-year head coach **Shannon Higgins-Cirovski** was named ACC Coach of the Year in her inaugural season at the helm in the conference at the ACC Awards Banquet on Nov. 3. Higgins-Cirovski took the Terrapins to new heights in 1999, upsetting three conference opponents ranked in the top 10. She led the Terps to their best-ever finish in the ACC at 4-2-1 and a second place finish. Maryland had never finished higher than 3rd in 13 years of ACC play since 1987. She was also named Atlantic 10 Coach of the Year in 1994 and 1996 while at George Washington.

The Rankings

Maryland was ranked in the NSCAA poll of Nov. 8 for the first time during the 1999 season with the Terps coming in at No. 25. They finished the year as the No. 23 team according to the last NSCAA poll. Maryland finished tied for No. 25 in the SoccerTimes.com poll with Baylor and Hartford. The Terps were receiving votes in the Soccer Buzz and *Soccer America* polls.

The Terps were also ranked No. 4 in the final regular-season NSCAA Mid-Atlantic Regional Poll of No. 8. Maryland was behind only No. 1 Penn State, No. 2 William & Mary and No. 3 Virginia.

Five In a Row For Terps

Maryland returned to the NCAA Tournament for the fifth consecutive year. The Terps have made the tournament and hosted a first-round game every year since 1995. All-time, Maryland is 5-5 in NCAA Tournament games. The Terps have won four of their five first-round games in College Park and are 5-1 all-time in home tournament games.

Terps Play 15 vs. NCAA Teams

Proving that the Terps played one of the nation's toughest schedules, 13 Maryland opponents qualified for the 1999 NCAA Tournament field. The Terps played 15 games against teams in the field and recorded five wins in those games with two wins over Duke and victories over No. 7 seed Clemson, Wake Forest and Long Island in the first round of the NCAA Tournament.

The Terps also faced the other two ACC teams in the field, No. 2 seed North Carolina and Virginia, which received a first round bye. Outside of the conference, Maryland played seven teams which made the tournament including USC, UCLA, Baylor, Pennsylvania, James Madison, William & Mary and No. 6 seed Penn State, which eliminated Maryland in the second round.

Only North Carolina played more games against NCAA qualifying teams in 1999 with 17.

With two assists against Long Island, **Valerie Lawrence**, tied the Maryland record for assists in an NCAA Tournament game. **Emmy Harbo** set the original mark against Fairfield last season.

Wolff, Serrins Star In Nets

Maryland's turnaround -- from a slow start to the No. 2 seed in the ACC Tournament -- was keyed by head coach **Shannon Higgins-Cirovski**'s use of two goalies in each match. The Terps recorded six shutouts in their last eight wins over an 11-game span.

Junior captain **Ali Wolff** played the first half of all eight wins down the stretch recording a 0.55 goals against average over the last 11 games. Wolff posted three shutouts over the last 11 games.

Wolff started 20 of the Terps' 22 games in 1999 and recorded 57 saves and 5 shutouts. Her save total ranks as the 10th-best single-season in Maryland history and her shutout total is tied for the third-best season mark.

Soccer Buzz Mid-Atlantic Region All-Freshman Team, 1999

Freshmen Draw Starting Nods

Shannon Higgins-Cirovski depended heavily on freshmen and sophomore transfer **Sara Gustafson** in 1999. Six different first-year players started for the Terps in 1999. In fact, over the Terps' 22 games, 50 percent (121 of 242) of the starting positions have been held by freshmen or Gustafson.

Leading the way for the freshmen starters were defensive stalwarts **Lindsay Givens**, **Carly Viher** (Mentor, Ohio) and **Sally Harrison** (Virginia Beach, Va.). The trio started all 22 games this season.

Up front, Gustafson started all 22 games.

Freshman **Valerie Lawrence** (21), **Kim King** (4) and **Dana Jarzyniecki** (8) started in 1999, also.

King started her Maryland career on fire by scoring in her first two games. King is the first Maryland freshman to score in her first two college games since **Emmy Harbo** scored in each of her two games in the 1995 season against Virginia Tech and George Mason.

Winning At Ludwig

With the 6-0 win over Long Island in the NCAA first round, Maryland was 6-4 at Ludwig Field in 1999. Since the facility was constructed in 1995, Maryland has dominated opponents at home, compiling a 43-13-3 record for a 75.4 win percentage.

Maryland 2
GW Colonials 0

LOUDON, Va. -- A new era in Maryland women's soccer got off on the right foot as the Terrapins defeated rival George Washington, 2-0, at South Riding Field. The win was especially sweet for new Maryland head coach Shannon Higgins-Cirovski, who defeated the school she coached at for seven years from 1991-1997.

"It feels really good to get the monkey off our back right away," said Higgins-Cirovski. "Going against GW and getting the rivalry out of the way in the first game with a win was very special."

The Terps (1-0) jumped on top as senior midfielder Emily Janss scored from inside the box on a scramble off a pass from freshman forward Valerie Lawrence, just 28:31 into the match. Freshman defender Sally Harrison was also credited with an assist.

After outshooting the Colonials, 6-1 in the first half, Maryland came out strong in the second half and converted its second tally of the game as freshman forward Kim King blasted home her first collegiate goal from just outside the top of the box at the 74:10 mark. Senior midfielder Jackie Mynarski and sophomore Courtney Beirne were credited with assists on the goal.

The Terps outshot the Colonials 13-2 in the game as junior goalie Ali Wolff made just one save to record her seventh career solo shutout.

UMBC Retrievers 1

COLLEGE PARK, Md. -- The Maryland women's soccer team used goals from five different players to post an impressive 6-1 win over UMBC at Ludwig Field. Senior tri-captain Jackie Mynarski scored two goals in a game for the first time in her four-year career and moved into a tie for eighth on Maryland's all-time scoring list with 39 points with the Terps' final two goals at 48:05 and 73:12.

The Terps (2-0) built a 4-0 first-half lead on goals by Courtney Beirne at 19:11, Terri Greer at 20:19, Julie Nelson at 38:11 and Kim King at 40:35. For Beirne and Nelson, the goals were the first of their college careers. Nelson's goal was extra special as the senior scored in just her second game back after missing the entire 1998 season with back surgery. She also added an assist on King's breakaway goal for the first multi-point game of her career.

Maryland's six goals at home were the most it has scored at Ludwig Field since an 8-0 win over UMBC on October 1, 1996.

In net, Riki-Ann Serrins, starting in place of an injured Ali Wolff recorded three saves for the win.

UMBC's lone goal came from junior froward Beth Quintavalle at 61:12. The game was UMBC's season opener.

USC grabbed a 2-0 lead after freshman forward Jennifer Prigmore headed in freshman midfielder Ali Fennell's cross in the 36th minute.

Gustafson grabbed a loose ball in the box which deflected off a Duke defender and smashed it home. Junior **Terri Greer** was credited with the assist as she passed the ball into the box. Gustafson's goal was the Terps' lone shot of the first half, as the Blue Devils outshot the Terps 7-1 in the half.

Duke tied the game seven minutes into the second half as Sherrill Kester scored from ten yards out. But Mynarski beat Duke goalie Isis Dallis for the fourth time in her career to give Maryland dramatic win.

Mynarski, Maryland's leading scorer, now has nine goals and 20 points this season. She has also moved into a tie for sixth on Maryland's all-time scoring list with 54 points and stands alone in fifth place in career goals with 22.

Maryland goalies **Ali Wolff** and **Riki-Ann Serrins** came up big combining for seven saves. Serrins made four in the second half to secure the win.

"I am so pleased with this performance," said Maryland head coach **Shannon Higgins-Cirovski.** "We hope this victory solidifies us for an NCAA Tournament berth."

COLLEGE PARK, Md. -- Maryland's only seniors **Lindsay Basalyga, Emily Janss** and **Jackie Mynarski** each scored two goals to lift the Maryland women's soccer team to a convincing 6-0 win over Long Island University in an NCAA first round match at Ludwig Field.

The Terps, who have won eight of 10 games, return to the second round of the NCAA Tournament for the fourth time in five years. No. 25 Maryland (11-9-1 overall) will face No. 6 seed Penn State (18-3-1) on Sunday, Nov. 14, at noon in University Park, Pa.

Maryland jumped out to a 1-0 lead as Janss scored off a **Valerie Lawrence** corner kick at the 20:53 mark. The Terps busted the game open early in the second half as Mynarski, Basalyga and Janss all scored in a 4:20 span. Mynarski's goal came on a header off a corner kick from Basalyga, who scored on a penalty kick. Janss finished the quick run at 50:30 with a shot from 10 yards out off a pass from **Sara Gustafson.**

Basalyga scored her second goal of the game and of the season at the 76:47 mark on a free kick from 22 yards out. Mynarski netted her second header of the game with 6:56 left in regulation off a long serve from Lawrence.

Goalies **Ali Wolff** and **Riki-Ann Serrins** combined for their sixth shutout in the Terps last eight victories since an Oct. 6 blanking of George Mason.

Maryland's six goals in the game ties the season high, set against UMBC on Sept. 1 in a 6-1 victory and the Maryland NCAA Tournament record set against James Madison in an NCAA first round match on Nov. 18, 1995, winning 6-1.

The Blackbirds were making their first ever appearance in the NCAA Tournament after capturing the Northeast Conference championship and winning a play-in game against Southland Conference champion Southwest Texas State. LIU finished its first winning season in the three-year program history at 11-9-2.

UNIVERSITY PARK, Pa. --The No. 25 Maryland women's soccer team was defeated by No. 6 seed Penn State in an NCAA second round matchup at Jeffrey Field, 3-2. The loss ended the Terps' exciting season with an 11-10-1 record. Maryland had advanced to the second round of the NCAA Tournament for the fourth time in five years and finishes the season having won eight of 11 games.

"I am so pleased with the team," said ACC Coach of the Year **Shannon Higgins-Cirovski.** "You always hope for more, but at the time we were 3-7-1, I could not have fathomed that we would get to the second round of the NCAA Tournament. We got this far because of the great leadership of our seniors throughout the season."

One of the those seniors nearly single-handedly sent the Terps to the NCAA quarterfinals. Forward **Lindsay Basalyga** came up with two goals, her third and fourth of the NCAA Tournament. After a scoreless hard-fought first half, Basalyga opened the scoring as she took a pass from freshman **Sally Harrison** and beat Penn State goalie Emily Oleksiuk to the low right corner of the net at 56:39.

Penn State came back to tie the game at one, as Shari Pickett scored on a high shot at 61:33. Basalyga then came back with her second of the game as she beautifully placed a free kick into the right side of the goal at the 74:38 mark. But, just 19 seconds later Kelly Convey tied the game off a pass from Christie Welsh at 74:57. Convey tallied her second goal in 1:28 as she took a cross from Bonnie Young and scored with 13:35 left in regulation.

Penn State (19-3-1) outshot the Terps 13-4, with Basalyga taking all three of Maryland's second half shots.

"I just wanted to win," said Basalyga, who finished her Maryland career with eight goals and 25 points in 84 games. "I am so proud to be part of this team and very proud to have played for Maryland for four years."

Ludwig Field, Home of the Terps

Because of the expanding horizon of Terrapin soccer and the growing interest in its achievement on the field, the most extensive facility enhancement in Maryland soccer history was undertaken in 1995. The result: the state-of-the-art Ludwig Soccer Field.

Built at a cost of $2.5 million, the facility's quality now matches the soccer program. Ludwig Field, officially dedicated on Sept. 16, 1995, is surely a cornerstone of college soccer throughout the nation.

The 4,000-seat facility is an integral part of the more than $40 million of new construction for Maryland athletics. The complex is fully lighted with an all-weather track and a sodded Bermuda grass playing field.

The permanent lights allow for commonly scheduled night games. The lights also allow Maryland the ability to host NCAA and Atlantic Coast Conference tournaments, high-caliber in-season tournaments and nationally televised games.

The complex was also constructed with the local soccer fan very much in mind. The field is located directly adjacent to Parking Lot 1 and close to the University Boulevard entrance. The facility is named after lifetime Terrapin friends Bob and Louise Ludwig.

Ludwig Field was packed for the Terps' game against North Carolina on Oct. 10, 1997, when a facility-record 4,380 came out for the ACC battle.

"Strive for clarity, but accept and understand ambiguity."

That phrase captures one way in which an educated person approaches the world and its challenges. Students who graduate from the University of Maryland have been exposed to the tools that allow them to put that perspective to work. Imparting such a perspective may be an ambitious project for undergraduate education, but to aim for anything less would be unworthy of a great university's goals for its students. Ten years ago, Promises to Keep, a plan for undergraduate education at Maryland, articulated those goals so eloquently we repeat them here.

Undergraduate education at Maryland "aims to provide students with a sense of identity and purpose, a concern for others, a sense of responsibility for the quality of life around them, a continuing eagerness for knowledge and understanding, and a foundation for a lifetime of personal enrichment."

As we learn with and from one another, we try to "develop human values," "celebrate tolerance and fairness," "contribute to the social conscience," "monitor and assess private and collective assumptions," and "recognize the glory, tragedy and humor of the human condition." Your years at the University of Maryland can provide you with all the tools you need to accomplish these goals. Students here are "educated to be able to read with perception and pleasure, write and speak with clarity and verve, handle numbers and computation proficiently, reason mathematically, generate clear questions and find probable arguments, reach substantiated conclusions, and accept ambiguity."

And we also hope you enjoy the journey.

University of Maryland

The Campus

The University of Maryland, College Park, is the most comprehensive institution of higher education, research and service in the state. The university offers 100 undergraduate majors, 88 master's programs and 69 doctoral programs in 13 colleges and schools.

The university is one of only 30 public research universities that are members of the prestigious 58-member Association of American Universities. It is classified as a Research-I university by the Carnegie Foundation by virtue of the range of its baccalaureate programs, the amount of federal support received and the number of doctoral degrees awarded each year, sharing that honor with the top research universities in the country.

Among the public universities in the Association of American Universities, Maryland ranks among the top in percentage of African-American undergraduate students. In addition, the university has the largest number of African-Americans and other minority members among its peers.

Flagship Status

In 1988, the University of Maryland, College Park, was designated as the flagship institution for the University System of Maryland. As well as pursuing a serious research mission and continuing its high level of service to the state, the university rededicated itself to providing the highest quality graduate and undergraduate education. Increased undergraduate opportunities for research and individual study; the development of the College Park Scholars Program and the expansion of the University Honors Program; the genesis of Honors Humanities and Gemstone; the creation of CORE, the general education program; and the establishment of the Center for Teaching Excellence all affirmed the legislature's designation of flagship.

Libraries

Seven libraries make up the University of Maryland library system: McKeldin (main) Library, Architecture Library, Art Library, Engineering and Physical Sciences Library, Hornbake Library, Performing Arts Library, White Memorial (Chemistry) Library.

These libraries constitute the largest university research library institution in the Washington metropolitan area, providing vital resources to researchers, visiting scholars, and businesses throughout the region. The libraries' holdings include more than 2.5 million volumes, 24,000 subscriptions to periodicals and nearly 5 million items available in microfilm format.

Research

Opportunities for conducting research abound at the University of Maryland, College Park, and in the surrounding area, both for faculty to advance their own expertise and bring their insights into the classroom, and for students to begin their exploration of their special interests with practical experience. On campus, special facilities and a number of organized research centers, bureaus, and institutes promote the acquisition and analysis of new knowledge in the arts, sciences and applied fields.

The university's enviable location – just nine miles from downtown Washington, D.C., and approximately 30 miles from both Baltimore and Annapolis – enhances the research of its faculty and students by providing access to some of the finest libraries and research centers in the country.

Service

Programs of public service are central to the overall mission of the university. The philosophy is reflected in the wide array of programs and initiatives that benefit the state's business, agriculture and education communities.

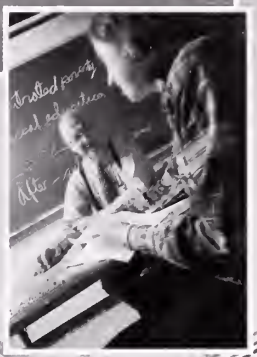
With more than 90 high technology firms in the three-county area of Montgomery, Prince George's and Frederick counties, the university has found abundant opportunity to extend its business and technology outreach programs to the region. Many of these programs are part of the Engineering Research Center, which operates the Technology Advancement Program and the Maryland Industrial Partnerships, programs designed to provide Maryland entrepreneurs and small businesses with research facilities, technical assistance, administrative support, and access to technology that will advance their economic base.

The Institute for Systems Research has formed partnerships with major corporations, including Lockheed Martin, Westinghouse, BF Goodrich, Hughes Aircraft and Dupont to apply advanced systems research to solving industry problems in the fields of communications, manufacturing, controls and robotics.

The University of Maryland features a diversity of cultural and recreational activities. Four art galleries, more than 200 annual musical performances and countless dance and theater productions, expose audiences to the broadest range of programs in the arts. And intercollegiate, club and intramural sports provide students of all levels an opportunity to participate as spectators or athletes.

A Wired World

Students at the University of Maryland are part of an academic community that enjoys free access to networked computer resources and facilities that are among the best in the country. Free computer accounts enable users to store class work on a networked server, download classroom support materials and other electronic information from campus networked resources such as inforM, or send electronic mail to faculty, fellow students or friends at other universities.



President C.D. Mote, Jr.

C.D. (Dan) Mote Jr. took office as president in September 1998 with a clear vision for taking the University of Maryland down the home stretch to its destiny as one of America's great research universities.

Mote came to Maryland from the University of California at Berkeley, where he had earned all of his degrees, and where he had served in faculty and administration more than 30 years. He had most recently been vice chancellor for university relations.

In Maryland, he found a university already well on its way to achieving the greatness envisioned when the General Assembly declared it the flagship institution of the University System of Maryland. Mote immediately took a leadership role on the Governor's Task Force on Governance, Coordination and Funding of the University System of Maryland to gain greater autonomy and flexibility for the university to pursue its goals. He followed that by working closely with state leaders to boost university funding for new programs, scholarships and faculty, gaining 10 percent appropriations increases in each of his first two years.

Mote spelled out in his inauguration address his vision of Maryland as a great research university, where teaching and research are "inseparable." In this plan, the faculty creates a culture of excellence that permeates the university, student success is the center of all activity, and the extended Maryland family of alumni and friends grows rich in pride and tradition.

High achievement has been Dan Mote's life, from his student days at the University of California through his years as an outstanding teacher and world-renowned researcher and his leadership of a highly successful capital campaign at Berkeley.

By the end of Mote's second year at Maryland, the university's ongoing capital campaign, Bold Vision • Bright Future, had raised nearly $300 million of a $350 million goal. Including such landmark donations as Clarice Smith's $15 million for the Clarice Smith Performing Arts Center and Comcast Corporation's $25 million for the Comcast Center. But Mote has said repeatedly that development and capital campaigns are not principally about raising money.

"They are about the university building relationships, with its alumni and friends of the university through the quality people and quality programs on campus. If we succeed in building authentic relationships, fund-raising happens as easily as the women's lacrosse team scores a goal."

Mote and his wife Patsy live in the President's Residence on the College Park campus. They have two grown children and four grandchildren.

Maryland Terrapins

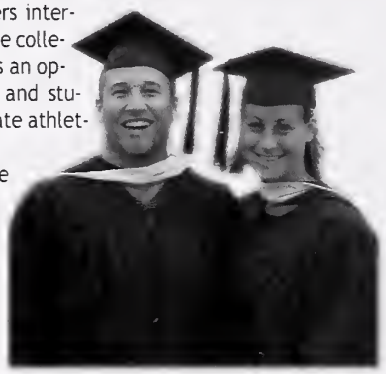
Among The Nation's Best

This is Maryland Athletics

At the University of Maryland, winning is not taken lightly. Like the rich history of all its sports programs, championships are a tradition.

Since the 1950s, Maryland has established itself as one of the most successful athletic programs in the nation. This type of success is no accident; it has been built year-by-year on the achievements of outstanding young men and women who were given the opportunity to excel both on and off the field of play. The victories, the championships and the national acclaim are all ingredients of the Maryland athletic program. Student-athletes who attend Maryland are part of a program and a university which thrives on tradition and excellence.

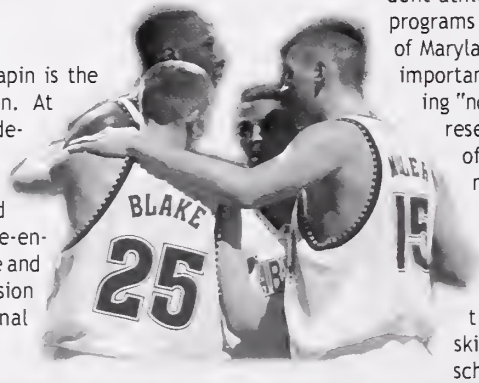
Academic Excellence



The University of Maryland considers intercollegiate athletics an integral part of the collegiate experience. Its existence provides an opportunity for students, faculty, alumni and students to share in the life of intercollegiate athletics.

The Department of Intercollegiate Athletics strives to achieve the same standards of excellence in its athletic program as exist within the university's teaching, research and public service programs. The department embraces the concept that the student-athlete is first and foremost a student, possessing academic abilities, personal interests and ambitions comparable to those of the other members of the student body. Since 1983, 88 percent of freshmen scholarship athletes who completed their eligibility at the University of Maryland earned their degrees.

Goals



The great thing about being a Terrapin is the commitment to hard work and dedication. At the University of Maryland, the athletic department is dedicated to supporting a well-balanced Division I program. Athletic director Deborah A. Yow and her dedicated coaches, administrators and staff have re-engineered the department into a responsive and financially sound model – with a clear vision and a determined drive toward national prominence.

Athletic Success

National championships, conference championships, national rankings and postseason play are all a part of the University of Maryland experience. The University of Maryland has established itself as one of the nation's elite athletic programs. The Terrapins have won 15 national championships, including a record six consecutive by the women's lacrosse team. The Terrapins had plenty of reason to celebrate when it came to intercollegiate athletics in 1999-2000, another finish among the top 15 percent of all schools in the Sears Directors' Cup, which measures the overall athletic achievement in men's and women's sports.

Competition

Wearing the Maryland uniform means playing in front of some of the loudest and most supportive fans in the nation. It means playing against the best teams in the country, in the most prestigious conference in the country, the ACC. It means wearing the school colors with pride. It means doing your best in athletics and academics. It is a unique and special feeling being a Terrapin.

Athletes in the Community

From the media spotlight to the community spotlight, Terrapin student-athletes strengthen the ties of the local community by serving as role models. Community service is a key part of the Terrapins' agenda. Student-athletes support many community programs which help to enrich the lives of Maryland youth while teaching the importance of studying hard and saying "no" to drugs and alcohol. Representatives from the University of Maryland athletic department speak to participants and use their image and the appeal of sports to encourage Maryland children to stay in school, improve their reading and writing skills, and to receive their high school diplomas.

Athletic Director Deborah A. Yow

7th Year at Maryland • President of NACDA

Dr. Deborah A. Yow is in the seventh year of her outstanding tenure as director of athletics at the University of Maryland ... a year in which she also has assumed the presidency of the National Association of Collegiate Directors of Athletics, an organization with a membership of more than 6,100 athletic administrators representing 1,600 colleges and universities in North America and Mexico.

The comprehensive success of Terrapin athletics under Debbie Yow's leadership is a clear and compelling testimony to her values of excellence, teamwork and accountability. Likewise, her election to the presidency of NACDA is an indication of the respect with which Dr. Yow is regarded in intercollegiate athletics and education in the U.S. and Canada.

Also as a member of the NCAA Management Council and NCAA Division I Budget Committee, Yow presents a strong voice for excellence and integrity at the highest levels of intercollegiate athletics. In these national roles she has represented the University of Maryland and the Atlantic Coast Conference with a balanced and proactive voice.

Since taking over at Maryland in 1994, she and her staff have:

• Transformed Terrapin athletics into a responsive, goal-oriented organization.

• Balanced all six of the nearly $30 million annual budgets (the first balanced budgets for the Terrapins in 10 years prior to her arrival).

• Greatly enhanced the academic support services provided to student-athletes, with an enviable exhausted eligibility graduation rate of nearly 90 percent during her tenure.

• Led the Terrapins to a national all-sports ranking in the upper 15 percent of all NCAA Division I institutions.

• Reorganized and upgraded marketing and fund-raising efforts on behalf of Terrapin athletics. As a result, private gifts to athletics have increased 135% and corporate sponsorship revenues have increased by 270% during her tenure at Maryland.

• Implemented a strategic management model.

• Paid off approximately $7 million in operating debt accrued before her arrival in 1994.

• Developed a comprehensive Internet strategy with management, marketing and fundraising applications.

• Significantly improved customer care in every area.

Maryland athletic director Deborah A. Yow took over as president of the National Association of Collegiate Directors of Athletics in July.

National Successes

The Terps enjoyed across-the-board success in 1999-2000, with the following varsity programs earning Top 30 rankings at one time or another during their respective seasons of competition, and two teams capturing national championships (field hockey, women's lacrosse).

Basketball (Men's)
Football
Lacrosse (Men's)
Lacrosse (Women's)
Field Hockey
Golf
Gymnastics
Indoor Track (Women's)
Outdoor Track (Women's)
Soccer (Men's)
Soccer (Women's)

The 1999 field hockey championship team.

The Maryland Department of Athletics has made remarkable progress under Yow's leadership. Regarding the many achievements of Terrapin athletics over the past six years, Dr. Yow says, "We are pleased, but we are not satisfied ... our vision is to be one of the top 10 programs in the nation consistently ... we see no reason to settle for less."

Yow is known for her goal-oriented and proactive management style. She consistently inspires and challenges those around her to "raise our sights and sharpen our tools ... to work hard and work smart ... to recognize that our only limitations are those that we place upon ourselves." As a manager and leader, she clearly models these principles. She was recently singled out by *Street & Smith Sports Business Journal* as one of the leading athletic administrators in the U.S.

A former basketball coach, she began her coaching career at the high school level in North Carolina before taking over as head women's coach at the University of Kentucky in 1976. She also achieved an outstanding coaching record as head coach at the University of Florida. She later moved into athletic administration at the University of Florida and the University of North Carolina-Greensboro, followed by a highly successful tenure as A.D. at Saint Louis University.

She has authored numerous articles and books on athletics, management and human behavior, and is a respected leader in intercollegiate athletics in the United States.

Summing up the entire Terrapin athletic program, Yow recently observed, "We have the finest student-athletes, coaches, support staff and administrative team in America. It is because of their courage, hard work and cooperative spirit that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets and our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarships, and the Maryland Educational Foundation and M Club members who serve and give liberally. We have a great Terrapin family. That's the foundation for all of our successes ... and the basis for our bright future."

Rob Mullens

Sr. Associate A.D./Internal Operations

Rob Mullens, who joined the Terps' staff as assistant athletic director for business in the summer of 1996, is in his second year as senior associate athletic director for internal operations.

Mullens' responsibilities include assisting the athletic director with the overall administration of the department's internal operations in addition to assisting with the operation of football and men's basketball. He also oversees the supervision of 15 sports and is responsible for overseeing the business office, ticket office, facilities and operations, and the computer systems analyst.

As the chief financial officer, Mullens is directly responsible for the department's $27 million annual budget.

Mullens graduated cum laude in 1991 from West Virginia with a degree in business administration. He earned a master's degree in sport management at West Virginia in 1993. In April of 2000, he was named the 2000 Distinguished Alumnus of the West Virginia Sport Management Program.

Prior to his appointment at Maryland, he was senior business manager and the chief budget officer for the University of Miami (Fla.) athletic department (1994-96).

His background in athletics includes serving as an intern for the senior associate director of athletics at Kentucky (1993) and as a graduate assistant to the assistant athletic director for business at West Virginia (1992-93). Prior to pursuing a career in athletics, Mullens worked for the accounting firm Ernst and Young.

He is married to the former Jane Pearson, who is the Terrapins' assistant athletic director for compliance.

Academic Support & Career Development

The University of Maryland is committed to providing the highest quality education to all of its students. The Department of Intercollegiate Athletics strives to provide student-athletes excellent opportunities to participate in an intercollegiate athletics program of the highest quality, with the result that their athletics participation becomes an integral and valued component of their total educational experience at the university.

Terrapin student-athletes will find that the same hard work and discipline that has earned them success in athletics competition is also required in the classroom. Balancing the significant time demands and responsibilities required to be a successful student-athlete at the highest collegiate level is no small task. Therefore, as a result of their commitment to representing the university through athletics, Terrapin student-athletes are able to utilize support programs designed to meet their specific needs.

Anton Goff, Academic Counselor/Women's Soccer

Led by associate athletic director Demetrius Marlowe, the mission of the Academic Support and Career Development Unit (ASCDU) is to provide quality developmental programs and need-based services that will enhance academic progress, facilitate career development, and encourage the psychosocial growth of all UM student-athletes.

The Gossett Academic Support and Career Development Center for Terrapin student-athletes, named for long-time Terp supporters Barry and Mary Gossett, is located in Cole Field House. It features a study center that includes 24 desktop computers, private study cubicles, a tutoring center, classrooms, and individual offices for four professional academic counselors, a learning specialist, an assistant program coordinator, and two graduate assistants. In addition, the center's extended site is located in the Gossett Football Team House, and includes office space for three professional counselors and a 16-station desktop computer center.

Academic courses, programs and services offered by ASCDU include the following:

- Prospective student-athlete orientation
- Academic counseling
- NCAA academic eligibility monitoring
- Academic enrichment and career development presentations and workshops
- Accredited tutorial support
- Mentor program
- EDCP 108-J (Career decision making and planning)
- EDCP 108-K (College learning strategies and skills)
- EDCP 108-O (First-year transitions to the university)

EXCEL Mentors

Mentoring is a craft that is embodied in a person serving as counselor or teacher who provides advice and guidance to a novice learner. Educating by Creating Environments for Learning (EXCEL) is a mentoring program that establishes such a relationship. ASCDU hires and trains individuals who serve as mentors to student-athletes who have been identified as needing individual attention for learning strategies support.

M.A.P.S. Directory

The Maryland Athletes Placement Source is intended to assist graduating Terrapin student-athletes as they begin the job search process. It is distributed to more than 1,000 corporations and businesses across the country. Prospective employers are introduced to our graduating student-athletes with resume information relative to academic, career and personal achievements. The MAPS directory is produced annually in collaboration with the M Club.

Career Internship Fair

Because career development is an ongoing process, ASCDU provides a variety of programs for student-athletes throughout the year. Professional assistance with resume writing, interviewing skills, graduate school search, and job search is readily available to all student-athletes. During the spring semester ASCDU hosts the Student-Athlete Career Internship Fair, in which student-athletes can learn about career interests and career planning. Unlike typical "job fairs," the purpose of this program is to allow student-athletes to explore multiple career opportunities by speaking directly to individuals in their chosen areas of interest.

Summer Job & Internship Program

Due to the time demands of athletic practice and competition, most student-athletes do not have the chance to work or complete an internship experience. Employers desire to see work experience related to academic coursework on a resume. The Summer Job and Internship Program is one of the emerging services offered to student-athletes to meet this need. Student-athletes seeking employment opportunities and/or experience in their fields of study are assisted with locating prospects and submitting the necessary documentation to secure summer jobs and/or internships.

Terp Choices

Personal growth is fundamental to all ASCDU programs and services. Terp Choices is a program that provides student-athletes the opportunity to identify their fundamental values, develop communication skills, and enhance decision making skills that will enable them to manage their personal health and well-being. Interactive presentations are given by trained student-educators who intend to illustrate to athletic team participants that an individual's choice may affect an entire team. This campus-wide program is partially funded by grants from the NCAA and ACC.

Student-Athlete Advisory Council

The Student-Athlete Advisory Council plays an important role in the Department of Intercollegiate Athletics. It consists of a representative from each varsity sport and meets on a regular basis with representatives from the athletic administration. The main purpose of the council is to provide student-athletes with leadership experience and a forum for dialogue with members of the administration about their roles, responsibilities and needs as student-athletes at the University of Maryland.

Strength & Conditioning

In the highly competitive collegiate soccer world the off-field preparation of the student-athlete is a critical component to the on-field success of any Division I program. Dwight Galt, Maryland's director of strength and conditioning, believes strongly that a solid off-field training program can dramatically improve levels of performance, as well as significantly reduce the chance of injury. The benefit of performing structured strength and power training throughout the entire year has allowed the Terps to reach new levels in physical development.

At the University of Maryland, the maximal development of athleticism is the primary goal of the strength and conditioning program. To accomplish this requires more than just strength and power training in the weight room. Speed improvement, agility, flexibility, conditioning, plyometrics, and nutrition also play critical roles. The Terps' strength staff places substantial emphasis on all these areas, with special attention on the improvement of speed potential. Galt and his staff employ a wide range of state-of-the-art training methods to assist in enhancing all aspects of speed development.

The Terps are fortunate to train in one of the premier weight training facilities in the nation. Conveniently located in the Gossett Team House, this facility has excellent aesthetic appeal, with two magnificent skylights and large windows overlooking the field at Byrd Stadium. The Terps' spacious weight room includes 7,200 square feet of functional floor space, with two elevated offices that are easily accessible to the training floor.
